## **SIEMENS**

Data sheet US2:BQD320

Breaker BQD 3P 20A 480V AC 14kA

| number of poles                               | 3                            |
|---|------------------------------|
| suitability for operation                     | CONSTRUCTION                 |
| Electricity                                   |                              |
| continuous current rated value                | 20 A                         |
| supply voltage frequency rated value 50/60 Hz | Yes                          |
| Environmental conditions                      |                              |
| ambient temperature during operation maximum  | 40 °C                        |
| Model   |                              |
| product brand name                            | SIEMENS                      |
| special product feature                       | PANELBOARD MOUNT             |
| type of electrical connection                 | LOW TAB                      |
| Mechanical Design                             |                              |
| depth [in]                                    | 4 in                         |
| design of the overload release                | THERMAL MAGNETIC TRIP UNIT   |
| design of the product                         | BQD                          |
| height [in]                                   | 3 in                         |
| material of the enclosure                     | MOLDED CASE CIRCUIT BREAKER  |
| size of the circuit-breaker                   | 100A                         |
| width [in]                                    | 3 in                         |
| General product approval                      |                              |
| standard                                      | UL 489 CSA-C22.2 IEC 60947-2 |
